Era: Mid 1970's to present

- Highly upgraded with etched metal walkways, new ladders, new end detail
- Factory installed roofwalk and side sill grabirons, brake piping, roping eyes
- Razor-sharp printing and painting
- McHenry® scale knuckle spring couplers
- Two outlet grate variations
- In response to many requests for multiple road numbers (these cars tend to run in large groups) we offer 6 numbers per paint scheme.
- RP25 profile machined 36" metal wheel sets
- Weighted for optimum performance
