- Weighted for optimum performance
- Body-mounted McHenry® operating scale upper and lower shelf knuckle couplers
- Highly-detailed, injection-molded body
- Painted and printed for realistic decoration
- Minimum radius: 18

PROTOTYPE AND BACKGROUND INFO:

Modern ethanol tank cars have a 30,000-gallon capacity. Most tank cars are owned by railcar leasing companies. Many are leased to the ethanol producing companies and carry their company logos. Fuel dealers, small refineries and other industries receive single cars and small blocks of cars that are mixed into freight trains. Large gasoline refineries may receive 100-car unit trains several times per week.

PRIMED FOR GRIME MODELS FEATURE

- Duplicated look and feel of "In Service" equipment
- Faded base colors matched to the prototype
- Perfect starting point for adding grime and rust

PRIME FOR GRIME \$57.99 INDIVIDUAL | \$146.99 3-PACK
\$52.99 INDIVIDUAL | \$131.99 3-PACK

Orders Due: 09.30.22

ETA: October 2023
