ERA -1980s to present

- Plug and Play DCC Wiring Harness
- Flush mounted clear glazing
- Celcon molded hand rails
- Silky smooth driveline
- Nickel plated, blackened machined wheels
- Razor Sharp printing and painting
- FULLY ASSEMBLED with prototypically specific details such as sunshades, mirrors, antenna, etc.
- State of the art tooling, including see-through radiator fans, dynamic intake grilles and exhaust stack
- Lost wax cast brass horns, prototypically correct for each unit
- Sliding cab windows
- Insulated universal coupler pockets
- Super detailed fuel tank
- Directional lighting
- McHenry® scale knuckle couplers
