## All Road Names

### MODEL FEATURES:

- Fully assembled and ready for your layout
- Three containers in each package
- Razor sharp printing and painting

### PROTOTYPE INFO:

In 1995 UPS made the first commercial purchase of 28' containers. This was in an effort to diversify their equipment fleet. The initiative positioned UPS as the first small-package carrier to move into domestic containerization. In order to economically carry the 28' Container, the 56' Well Car was designed and constructed.

See the listing of new 56' Well Cars to go with 28' containers

3-PACK **\$31.98** SRP
