HO SCALE

California Northern GP15-1

___ G68050 No Sound	\$189.98	___ G68150 Sound	\$289.98	GP15-1 CFNR #105
___ G68051 No Sound	\$189.98	___ G68151 Sound	\$289.98	GP15-1 CFNR #107
___ G68052 No Sound	\$189.98	___ G68152 Sound	\$289.98	GP15-1 CFNR #108

Prototype Era: 1993-Present

- Painted in the attractive green and beige scheme
- C&NW-style nose bell
- Former C&NW GP15-1s that were purchased by the CFNR when the road was created in 1993. California Northern operates several former Southern Pacific lines in northern California. Many of these engines have since been transferred to railroads in other states, but they retain the California Northern's scheme:
 - 105 – Now in service on the Dallas Garland & Northeastern (DGNO) in Texas
 - 107 – Now in service on the DGNO in Texas
 - 108 – Now in service on the DGNO in Texas

The SOUND

- Onboard Tsunami sound and DCC decoder
- Program an M/U lashup with lead unit only horn, bell and lights.
- Full DCC functions when in DCC mode.

The LOCOMOTIVE

- Fully assembled and ready to operate
- Detailed fuel tank
- Etched top radiator screens
- DCC Quick-Plug™ equipped (8 or 9 Pin)
- Blomberg-B or Blomberg-M sideframes, per prototype
- Hex drive line
- Etched lift rings
- Operating front / rear ditch lights (per prototype and era)
- Sound Units Feature SoundTraxx Tsunami Sound Decoders
- Razor sharp painting and printing
- Many separate injection-molded, lost-wax, and photo-etched parts
- Molded Celcon handrails (now with one-piece end handrails for increased durability)
- Many, RR specific-details, such as C&NW "Gong" Bell, MP extra jacking pads, etc.
- Impingement (louvered) or Inertial Air Filter ("dustbin hatch") carbody versions, per prototype
- Plows, MU hoses, MU cables, and other end details per prototype and era
- State-of-the-art tooling
- See-through etched radiator intake grilles
- Sliding cab windows
- Directional Lighting
- Super-Smooth Athearn Genesis® Trucks and Motor
- Etched windshield wipers
- Directional Headlights
- Sander Lines, air filters, and other under frame detail
- McHenry® Scale Knuckle Spring Couplers
- Machined nickel-plated and blackened RP25 wheels
