

HO BSC F89F 89'8" w/W&K Bi-Level AutoRack

Announced: 07.18.14
Orders Due: 08.22.14

ETA: March 2015

OVERVIEW

In the mid-1960's new production 89' flatcars were being employed beyond piggyback service. A few cars from various manufacturers were receiving Auto Racks. The Auto Racks would be fastened to the 89' flatcar for auto service from Detroit.

The Athearn Genesis Auto Rack features a Bethlehem Steel F89FH with a Whitehead and Kales bi-level rack. Genesis level of detail ensures authenticity to the prototype.

MODEL FEATURES

- Era: 1965-1974
- All new tooling
- End bridge plates per prototype and era
- Die-cast underframe
- Early or late train lines and cut levers per prototype and era
- Accurate Whitehead and Kales Auto Rack
