All Carriers

PROTOTYPE AND BACKGROUND INFO:

An intermodal container is a large standardized shipping container, designed and built for intermodal freight transport, meaning these containers can be used across different modes of transport – from ship to rail to truck – without unloading and reloading their cargo.

MODEL FEATURES:

- Magnetically stackable
- Three different road numbers per pack
- Some SKUs feature multiple logos and/or decoration variations

\$31.98 3-Pack SRP

* Union Pacific Licensed Product
