

Announced: 9-16-08  
**Orders Due: 10-10-08**  
 ETA: April 2009

# 13,600 Gal Acid Tank Car

Era: 1979 to Present

- All-new tooling of a prototype never offered before in HO
- Two different body “phases” (early and late)
- Different top platforms as appropriate per prototype
- Different brake systems as appropriate per prototype
- Many separately applied details
- McHenry® scale double-shelf knuckle spring couplers
- \*\* Final product may differ slightly from drawings
- Highly detailed, injection-molded body
- Etched metal walkways
- Separate wire grabs and handrails
- Different end sills as appropriate per prototype
- Razor-sharp painting and printing
