## C.H. Robinson (New logo)

ATH-2664      RBTU # 531274 / 531553 / 531689      Era: 2010s+

### PROTOTYPE AND BACKGROUND INFO:

An intermodal container is a large standardized shipping container, designed and built for intermodal freight transport. These containers can be used across different modes of transport – from ship to rail to truck – without unloading and reloading their cargo. Intermodal containers are primarily used to store and transport materials and products efficiently and securely in the global containerized intermodal freight transport system.

### MODEL FEATURES:

- All new road numbers
- Fully assembled
- Easily stackable
- Each container is individually numbered

## \$47.99 3-PACK
